

Dear Salon/Spa Professional,

We want to introduce you to a wonderful new product that will benefit your business and your clients. It is a unique product developed and manufactured in South Africa, called eyeSlices Professional that helps to reduce puffiness, dark circles, tiredness, redness, irritation and signs of aging.

PROVIDING FIVE MINUTES OF BLISS

Within five **pampering** minutes, **eyeSlices** offer your clients an **escape** from the busyness and demands of the day and helps them to **recharge** and **renew** themselves. A complete **well being** encounter that **refreshes** with every tingling sensation.

DEFY THE RHYTHMS OF TIME

Whether sitting or reclining, **eyeSlices** can be applied anywhere anytime. Place over the eyes for five minutes and your clients will feel the **relaxation** seeping into their every pore. Botanically based and non-irritant so even the most skin sensitive of clients boast soothing and effective results.

NATURALLY THERAPEUTIC

Take a moment to discover **pure indulgence** with a revolutionary and **rejuvenating**, award winning eye treatment. Encapsulated in a patented Cryogel technology, **eyeSlices** deliver natural, yet effective ingredients to the eye surrounds which promises **revitalising** results within minutes.

FRESHLY FORMULATED

Aloe Ferox, nature's best kept secret, is a key ingredient that unlocks the soothing, **calming** and restorative properties, while Regu-Age, a protein peptide complex from Switzerland, has clinically proven results on puffiness, dark circles & fine lines.

Your clients will love eyeSlices Professional because

- They provide an **instant cooling** sensation without a fridge.
- Packaging is simple, easy to store and comes in a **re-usable clam**.
- The **patented Cryogel Polymer** technology provides a slow-release system that effectively delivers a unique blend of active ingredients to the eye area.
- They are super **easy to use** and instantly soothe.
- **Refills** are available.

THREE CONVENIENT CONFIGURATIONS

eyeSlices Professional Disposables are easily incorporated as an extra add-on treatment with facials, manicures, pedicures and reflexology to help your clients relax. They are packaged in a wall dispenser unit of 25 pairs.

With an attractive and convenient point-of-sale stand, eyeSlices Professional Retailers are beautifully displayed for that irresistible impulse buy.

eyeSlices can be used multiple times and when it's time to get new ones, your clients keep the compact container and return for their refills.
